

The Navigators Singapore Community Ministries

Who We Are

We are a generational movement of men & women in their 20s and 30s living and spreading the Gospel within and beyond Singapore.

We are singles, couples and people with young families who desire to build security and significance with God as our compass in this stage of life.

What We Do

We want to "know Jesus intimately, make Him know impact-fully and help others to do the same intentionally." We do this in small mentoring groups meeting near our workplaces or homes. We help to develop career and ministry by conducting seminars and workshops by experts in their fields. We also build young godly families through family-oriented mentoring and programmes.

Who We Are

The Navigators thrive on campuses & with young people. Disciple-making is fervent & intense in that arena. But once off campus, careers & marriage & family crept upon graduates & somehow it is a little slower & complicated to make disciples. Welcome to the alumni-community world!

The current ACM age group focuses on those 40-60, even 70. We found that disciple-making is still relevant but albeit with a different pace. Many in this age group are weak, worn & weary. Jesus' invitation in Mt 11:28 is particularly attractive, 'Come to me, all you who are weak and weary-laden and I will give you rest'. The Holy Spirit's role in coming alongside to encourage, enable & empower is much welcome. Hence similarly when we work with them, we do it in the same manner.

What We Do

We encourage our people to meet up regularly in twos & threes, praying for one another & sharing from the Word. In bit-size, not in gushing torrents. Emphasis from Ezra 7:10. 'study, observe, teach'. The Word observed, applied in one's own life becomes a powerful teaching tool. We also organise seminars and workshops by established and experienced industry and Christian leaders to empower believers to finish well in life.
